ABOUT ME

My name is Boikano Success Ranape, I am a passionate and dedicated Full Stack Developer specializing in the PERN stack (PostgreSQL, Express.js, React, and Node.js). My love for web development drives me to continuously learn and improve my skills. I am looking for a Front End or Full Stack Developer role where I can leverage my technical skills and creative problem-solving abilities to contribute to impactful projects and drive technological advancements.

EDUCATION

Udemy - The 2024 Web Development Course

- Learned technologies like HTML, CSS, JavaScript, React, Node.js, express.js, version control, APIs and PostgreSQL.
- Delved into the basics of Web3 development.

EXPERIENCE

Web Developer

The Wheelchair Doctor

2024-2024

- Developed a fully functional, responsive website for Wheelchair Doctor, a company dedicated to providing mobility solutions for people with disabilities.
- Utilized HTML, CSS, JS and Bootstrap to design a clean, user-friendly interface, ensuring accessibility across devices.
- Focused on user experience (UX) by structuring content to be visually appealing and informative, including text, images, and videos.
- Designed an About Us page highlighting the founder's recognition by Mail & Guardian and the company's core values of advocacy, innovation, and inclusion.
